

April 28, 2019

Gentlemen

The numbers are looking good. So far we have confirmed 61 emails, 11 emails waiting for confirmation, 15 confirmed deceased classmates, and 1 do not contact. That's 88 out of 107 on our list or 82% success rate to date. Some have already indicated they are attending but I think Dan Panzica will still win the greatest distance coming from Hong Kong.

The details confirmed to date are: Saturday, August 3, 2019 and the reunion will be at Chef's Restaurant. The price will be the same as the 45th with an extra hour of bar included. We are working on the starting time of hopefully 5:00 pm instead of 5:30 to give us a little more social time. The buffet menu will be similar with possibly some minor entre changes. \$50.00 payable by check in early July is our timetable preference. More on that in Update #4.

John Hutchinson and others have asked that we try and contact as many faculty that are still with us and invite them as we have before. The logistics of transportation for some will need to be discussed due to their age. The building tour and other possible weekend activities are next on the planning list.

For those of you debating on whether to attend, Norb Warnes has prepared reality statistics for the next update that may convince you to attend the 50th!

Now for the list we need help with as of tonight. Please contact anyone you know the whereabouts of and ask them to at least provide or confirm their email or US Mail address so we can keep everyone informed. We can list them as "Located" and send the updates individually when requested.
