

Mike Kurzdorfer "1966"

Mike would have graduated from Fallon in 1966 but he contracted polio from the oral vaccine we received at Fallon in sophomore year. He had to finish at Kensington as they supplied door to door transportation. Mike has succeeded in spite of his polio and had come to a number of our reunions. He has had a couple setbacks at work due to injury but is still plugging away at Graphic controls.

Graduated from Kensington High 6/67

Graduated from Canisius College -BS Business Management 5/72
